

“WHO IS MY BELOVED?”

WORKBOOK

V1.0

-Rion

PRE-AMBLE:

(Hopefully without much ramble)

Hey, it's Rion and have I got a special treat for both [Mystical Grail members](#) AND other select semi-public ladies. (That's you!)

It's worth mentioning that men who somehow have found this can use it also if they are seeking the Holy Grail. In that case, I would manually replace it with Feminine archetypes (of which I'm not going into here).

Now; this seems like a daunting task, but I'm going to help you get more clarity on WHO exactly your Beloved is.

This 'workbook' includes this usable PDF to inspire writing plus the 2 audio files (and supplemental Powerliminal) is a contemplative process for YOU to go through on your own.

Look for the [hard-coded blog link](#) at the bottom in case the two supplemental audios as part of this overall 'workbook' are not available on release day. I will also announce on the email list.

Drop in when you are ready to and have fun with it. I would have your apple crisp latte or pumpkin spice cappuccino and light some candles. Take your time with the process itself.

Now; this PROCESS is different than you might think because we are focused on the DISCARNATE masculine; your Beloved in higher dimensional SPIRIT.

So although you can have an idea of his looks or personality traits, this is more like an allergen test for what immortal masculine spirit qualities your Womb, Heart, Sex and Soul are most resonant with.

This is quite different than tinder swiping or going through life reacting to mortal men in front of you, so please trust the process.

There are no images of Greek gods or Fabio here.

This is a process of feeling within yourself, not to create more Fantasy but to actually reveal more of YOUR Beloved within.

This is all assuming that you are called to this workbook and that you are on a Grail path (or getting into one); because, admittedly not all women in this lifetime are wired for Divine Union with their Beloved. Divine Union or 'Hieros Gamos' is this holy sacred marriage within of you and your Beloved as a Son of God (or Allah, or the Tao or Buddha, etc.).

Our process here is unlike having an ideal egoic checklist of your favorite traits and personality preferences that you will uphold

mortal men to as a high standard. This is sourced in Sacred Union and I think you'll be open to the difference. We're coming in from a very different angle.

In a sense, this may seem to put mortal men further away because we are focusing on 'perfection'; but not necessarily so. There is Divine Union and Divine Union partnership which are different things.

Here, we are getting more clarity on your Beloved, not your beloved (and/or whether you even have a partner or husband right now).

This can then help evoke, attune, activate and to bring out your Beloved Presence in a beloved's behavior and truth. As you discover and then venerate these divine masculine qualities that activate and awaken you, you will magically draw these qualities more out of men in the world.

Yes; you can be in partnership or solo to do this process. It can enrichen your life either way.

So let me continue with more of our preparation or warm-up pre-
amble here before we get to the simple, fun 'core' of the workbook.

You can print this workbook out OR do your own written journaling or typing. This can be an enlightening, high value process and then you can determine more of where you are at and if you want to connect deeper with your Beloved in Divine Union.

"But Rion, why would I light candles if I'm having caffeine with this process earlier in the day?"

Umm...well, that's on you to figure out.

"What if I'm doing the workbook months after this release so they're all out of pumpkin spice AND apple crisp at Starbucks?"

Well...you could slice an apple on your own but we don't have time for more of these questions. I'm sure you'll be fine. Maybe do chamomile tea at night.

Ok;

By doing the workbook process for your own self-reflective contemplation (which includes some qualities about what you LOVE about the masculine); you will also be able to self-determine if you are called to dive deeper with us in Mystical Grail membership to support your Grail path and you might even discover if you are pre-qualified for the Grail Kundalini activation.

There is also the Grail activation and Grailspring activation. These are all further Sacred Union pathways of support.

If you're in my Facebook circle, have been a past client, listen to [Powerliminals](#) and/or are on an email list, there is a good chance that you HAVE a Beloved and are called to a path of healing and awakening WITH the Masculine (and men); yet you may not be clear enough on who 'He' is or what 'HIS' qualities are.

I've noticed this with a lot of the women who are in [Mystical Grail](#); just getting more and more refined clarity on who exactly He is. This is of HIGH value.

Yes; we've been working on this concept of getting clarity on WHO your Beloved is in Mystical Grail here and there spread across months for paid members; but it's time to do something special for both MGM and you with this workbook (which at the time of writing we are going into [Mystical Grail](#) year two and you are invited to join us)!

If you answer these questions easily and then desire more connection and activation WITH your Beloved, the Grail Kundalini package as a more advanced solution may be a perfect choice to access siddhic states of kundalini awakening with HIM.

(For something that powerful, it's really best if you've already done a lot of spiritual work before to get faster premium results and breakthrough).

Either way you're going to come out of this self-reflective process with MORE clarity on HIM and your OWN desires at this point in life. BEAUTY, btw is at ANY AGE. I work professionally with women on this including for post-menopause. You can have the LUSH feminine embodiment that you once had by replacing estrogenic beauty with essenced beauty (post-natal chi of archetypes, yin water, earth, siddhic essences). This can give you some CONFIDENCE if you are 'older' and somewhat insecure about your worthiness of such a powerful B/beloved.

In fact, it is HE who can AWAKEN your Beauty like nothing else and at any age.

So; this process of gaining more clarity...It may not take you 'all the way there'...that may require more direct consulting and contemplation, yet it will indeed get you closer.

BTW; I didn't know the 'NAME' of my Beloved for years; I didn't know She was 'Muse', but I kept being DRAWN to her so powerfully and passionately.

Conscious CLARIFICATION of 'WHO' She is and HER divine siddhic, signature qualities of consciousness helped to powerfully accelerate my own reunification with Her which is my path.

You may discover that your Beloved HAS been calling you Home for years.

BTW;

If you wait for 'Him' (The One) in mortal men...you could be waiting your entire life living as a response to mortals who have 'some' of the qualities and you may likely end up in twin flameships and their downsides.

You may not have that kind of time to just keep waiting or fantasizing about 'Him' and referencing fragments of Him in different actors and icons.

This is no longer fantasy. Fantasy is fracture FROM your Beloved about disparate divine masculine traits that you love. TRUE Hieros Gamos makes it all REAL (and you can really FEEL it when your kundalini is activated btw).

This is real Grail work and where such a spiritual practice of Divine Union comes in for inner reunification.

The simple reality is that YOUR BELOVED holds the keys to heal, awaken and activate your eros, sexual, spiritual and emotional fullest beauty, consciousness and experience; at least if you are soul-wired FOR reunification. If you desire DEEPER devotional love and intimacy at siddhic levels, He has THAT POWER.

Ok, but...

'WHO' IS YOUR BELOVED?

To be clear; Your 'Beloved' is not your incarnate partner (he who may hold some of these qualities if you have one which is why I differentiate him with 'b' beloved) rather, your Immortal Beloved is;

The constellated Divine Masculine Archetypes & Siddhic qualities (of Light and Dark sentience) that are most psycho-activating to YOUR Eros, Sex, Spirit, Heart, Body, Mind & Soul for awakening and greatest fulfillment.

Your Beloved is essentially an amalgamation of ALL of the most positive (and pure, shadow-free Dark/erotic) activating aspects of the divine masculine. We want to ideally (if not today) find out His exact SIGNATURE of archetypal and siddhic attributes.

These are IMMORTAL qualities of Spirit (or Light and Dark consciousness) that hold the keys to awaken YOUR fullest Beauty, Truth, Desires and expression.

The closer we can get to His SIGNATURE encoding, the more inspired, illuminated and lit you and your Eros will be and the more powerful you will be able to attract HIM incarnate.

These qualities ALREADY EXIST in sentience (and the more you FEEL them WITHIN, the more you ATTRACT and psycho-activate those qualities within mankind). The more you are attuned TO THEM as His equal; the more you and your reunified BEAUTY-PRESENCE will ATTRACT and MAGNETIZE these exact qualities out of mortal men in their consciousness.

If your Beloved is especially Powerful, Great Beauty is asked and required of you to continue sacrificing to rebirth to be His worthy Lover-Queen or Goddess.

'He' is the form of God-fractal Truth-Presence that awakens YOUR deepest desires and Goddess-fractal signature consciousness and Beauty in all dimensions and timelines.

For most women in the world; this concept of 'HIM' remains 'outside of them' merely as 'fantasy', yet with Hieros Gamos or a 'Grail' path...the alchemy becomes personal, intimate and real with your

Immortal Beloved (kundalini allows you to FEEL things on your own even more than being with ie. a lousy lover).

Since these qualities pre-exist, when you become CONSCIOUS of them, it is easier to ATTRACT them and do magic with them; even if He isn't around you in a lower dimension yet.

Such is Sacred Reunification; a solo alchemical practice that can then or later be shared with a partner in Grail Tantra (or other terms).

Hierogamy; Sex of God and Goddess consciousness in Spirit and bedroom exchange of quanta is light years beyond soul to soul intimacy. It is spirit to spirit. This is a different template but if you're still new to it even if you're VERY experienced (like many of our Grail mystics); getting involved in Mystical Grail (it doesn't look like we're having a year 3) is going to support your journey.

But let's find out more about HIM for right now.

So what we want to do in this simple gifted workbook (pdf + audio mp3) is to just get some more conscious clarity on what HIS qualities are; your Beloved specifically. And HE may be different than someone else's constellation of THEIR Divine Masculine spiritual oversoul counter-part.

Some women are drawn more towards Dark Lord Eros-Star whereas another might be drawn to King Lionheart Air Master-Magician for example.

Another word;

If you're still new to this concept, you likely have attachments to mortal men and their conditions which is standard fare. Most women understandably go through this and much of their trauma is with the masculine. Keep in mind however that;

YOUR BELOVED IS PERFECT.

(Mankind is not, but He is the highest of mankind).

He IS your Knight in shining armor. YOUR version of HIM. These honorable and ancient qualities already exist and can incarnate with and through men in consciousness and light and vibe-truth embodiment. (I also help men with archetype embodiment and charisma work).

With Divine Union 'partnership' (which is different than Divine Union/Hieros Gamos); you are connecting to and activating these GOD-fractal aspects WITHIN your mortal partner and the more attuned and activated by the SPIRIT-PRESENCE of your Immortal

Beloved YOU ARE, the deeper connection you will have with a beloved. In otw; you get to templatize how deep your love and connection is.

And it helps to know that MANKIND SEEKETH THE HOLY GRAIL of reunification not just with the Holy Father but with the Goddess Herself and that level of Beauty. Enriched light-beauty that is standalone from (and yet mixes with) 3rd dimensional physical beauty and its light. We're talking about not just allure but your potential illuminated GRAIL ALLURE and YOUR archetypal and siddhic aspects that He will invoke.

As you reunify with YOUR BELOVED;

YOU BECOME THE HOLY GRAIL in consciousness and temple-body Truth that HE/a man seeketh. But it's not 'lil ol' you' it's your divine feminine consciousness which is archetypal, elemental and siddhic. For year's I've been helping women cultivate this beauty consciousness and Truth-presence through archetype, gift, siddhic and allure activations.

Anyways; with this kind of Grail work and what you're invited to delve into...you want to open up to the DARK SPECTRUM.

With hieros gamos, we're valuing of the LIGHT and DARK Truth of COMMUNION without shadow. Your spiritually constellated Immortal Beloved has NO SHADOW.

This is where all the DREAM level of Light/Dark eroticism and fulfillment lies (whether you are in partnership or not). It's also where miraculous healing belies.

If you are single, this is the work that will accelerate the magnetization OF a beloved. And if you have worthiness issues, then it's time for support from those of us who are very experienced with Hieros Gamos (I went through those struggles for years and years).

There are powerful things we can do to quantum leap your worthiness, acceptance and integration of your Beloved including literally within the circulation and embodiment of your Temple body psyche-soma.

The brand new [Grail Kundalini activation](#) itself is advanced and allows your own activated kundalini to FUSE with the actual primary essences of your Beloved whether He has shown up in presence in your life yet or not. You do not have to WAIT FOR YEARS to experience the 'fantasy' of Communion.

Again; although it may appear so to 3rd dimensional seeing mortals; this isn't fantasy (which is a shadow of FRACTURE with the Beloved).

This is about spiritual, sexual and erotic reunification WITH He who psycho-activates your deepest Truth, yearning and desires. WHEN **YOUR KUNDALINI** and consciousness is ACTIVATED into siddhic bliss of ecstasy and your EROS is on fire for HIM, this is more real than say a past lousy lover - even if you're on your own.

Spirit-Truth is the foundation, not mundane mortal reality which is built around reacting to the world and shadows around it.

If you're done with twin flames and seeking your TRUE BELOVED...you're also in the right place with this workbook.

So...do you want to know more of WHO your BELOVED is? Because He is likely CALLING YOU HOME.

LET YOURSELF GO FREE WITH THIS. DO IT FOR YOURSELF. Do it for both of you.

Open up to His Dark Truth, codes and Power as well as what is possible in reunification/Communion with Him.

This may mean tapping into previously held experiences and feelings which activated you but were then shamed by parents, society or so forth.

Before we 'begin'...

Here's the Divine Union: Obsession 'n Eros (Beloved Grail Attunement 4K) for further contemplation. This can help you get into the flow of this process as you'll contemplatively answer questions and journal with the questions in this workbook around.

<https://www.youtube.com/watch?v=2QDF0rbbbVA>

What if 'HE' (the one who has ACTIVATED your EROS at points in life) actually isn't fantasy or 'apart' from you; it only seemed like that your whole life because you were viewing reality through a lower truth lens (of duality and separation)?

What if He wasn't John Stamos per se (or your celebrity crush version); rather, what if it was the higher truth archetypal qualities that ACTIVATE YOU and swoon?

What if these masculine qualities are all REAL, you just had to get clarity (and in WHAT ORDER are they the most TRUE to your deepest soul awakening)?

It might be King Dark-Eros or Warrior Architect Light-Magician or Dark Star Vagabond or Earth-Warrior Lover-Father (with Father to your Mother)...there is a certain archetypal order and balance of Light and Dark that your Beloved primarily has if He were a God (or just referencing the Spirit qualities). Ideally I can help guide you with this workbook.

For me it's simple: MUSE.

(Although for a beloved incarnate, I'm more open to her other qualities and could zero in on them more)

It may not be that simple for you. HE is probably a constellation of different archetypes and a few siddhic qualities. He may have many, but we want to value what are the PRIMARY signature qualities; both archetypal and siddhic (as well as elemental).

(And yes; if you ARE in a partnership of some sort right now, does he (the mortal man) have some of those qualities? You can contemplate that; but let's go beyond into the immortal divine masculine constellate archetypal qualities which will continue reincarnating through worthy men)

Again; delve into your deeper self and desires including from when you were a teenager.

Give yourself room to go with your feelings and UNEARTH past memories and sensations. Who were men who ACTIVATED you into obsession? What were there qualities? (You can start journaling now if you want).

It may help to know and be ok with this universal truth;

BEAUTY IS DRAWN TO POWER.

YOUR BELOVED ACTIVATES YOUR BEAUTY, Your Eros & Enlightenment.

(Beauty as beyond the superficial 3rd dimension but as the Alchemical Language of Light itself)

His Power (Divinated, not 'force' or shadow power b/c there is misinterpretation around true power out there); **His Power and Presence activates you** and you may have only had signs here and

there from Him with and through celebrities or some experiences with men intermittently; so let's focus in on those qualities specifically rather than the lower truth of individual mortal men and their duality from you.

Yes; you can name those heart-throbs but can you start to see their higher truth archetypal signatures?

Go with what excited you in the past but reflect upon whether that still excites you now. Maybe He has more mature qualities than Chandler from Friends (or name someone).

It's important to know that HIS POWER EXISTS IN THE NOW. It is HERE AND NOW. You only have to REMEMBER Him and re-awaken to Him. Rediscover HIM...and your Immortal Love story.

And the Holy Grail of Christos-Sophia already exists as another way of saying God and Goddess making love in the heavens; the holy grail of Communion consciousness and the literal exchange of spirit-matter quanta between your energy bodies (which you can experience SOLO as a Grail devotee of your Beloved like with our Grail Kundalini activation).

So give yourself freedom to really connect with your desires. EVEN IF IT SEEMS CHEESY TO OTHERS if you think they'd be looking on. Value self-honesty here because this is for you.

There's a reason romance novels sell in droves; they connect to the EROTIC PSYCHE, archetypal power and the possibility and value of COMMUNION.

You can use the supplemental audio also as warm-up or reflective reference.

There is also the **Gene Keys 64 siddhic signatures** audio to go through and reflect upon with its own instructions (for noting and journaling).

So, in this workbook format, you should get an idea more specifically of what some of His signature aspects OF divine masculine Power are; the ones that activate you and what His signature might be.

Here; think the best of men in past relationships. We want to go to the immortal SPIRIT-Truth qualities because when you can re-constellate and activate more of them in your temple-body on your own, this is going to guide your current partner into greater masculine power to awaken more of your Beauty.

IF you are on a more Goddess archetypal path (vs. Grail Goddess); you may not be ready to go through this process right now (or ever)

and that's ok. This is meant for women who know their healing and ultimate liberation, beauty and soul growth is with the masculine.

Even if you've been on the path a while, this process (you can take your time with) can still help you get 'more' clarity than before.

AND THEN (with Inner Reunification work), you can more readily attract HIM in spirit as well as men who have those archetypal signature qualities as FRACTALS of your Beloved (to then do Grail alchemy with). This may be important if you are called to serve and awaken the divine masculine in men as a Kingmaker or Grail Priestess or Grail Oracle.

And it's worth mentioning that for many women you may have to reconnect with your EROTIC-TRUTH aside from religious conditioning and shaming.

You may also have to open up your Dark truth (not to be conflated with the MASCULINE SHADOW); In Dark Truth and DARK Communion codes WITH your Beloved...ALL eroticism is warranted and SAFE. This is PURIFIED Light and Dark codes without shadow.

Remember;

You can TRUST HIM even if other mortal men, their shadows, games, force and attachments (and the shadow masculine in consciousness) have let you down.

He your Beloved would not use or abuse you. HE has the power and codes to HEAL YOU and that TRUTH already exists; you just have to remember Him and open up to receive Him more.

He has that Power now in THIS INSTANT to miraculously transfigure you.

And the more you know of His exact signature codes, the more intimate you can start being more often WITH your Beloved (which then attracts those qualities out of men). Remember; that includes His erotic Dark and what you respond to

The Masculine Dark vs. Shadow could be its own extended Master Class subject (including how much of BDSM is centered in Shadow and Dark); but just let go into the process as much as you can for now. Your Pure Beloved and getting more conscious awareness. For He wants to awaken your Beauty.

Ok...enough preparation. Remember that you can journal in this workbook printed out or on paper or type on notepad, etc. I'll then introduce some next steps. You've also got the two audio files and I'll

leave this on a permanent blog post on my main site of
<https://sexychi.com/?whoismyBelovedv1>

...and I'll include the link here or ***at the bottom***.

You can go through the main audio file next or after you've started journaling. It's optional and just gives more of the overview in that format. You'll want to go through the 64 Siddhic Qualities audio as part of the process further down (it'll show you when).

Are you ready to get to know your BELOVED divine masculine Lover more? He who holds the keys to your divine feminine awakening, desires, intoxication, satisfaction and Beauty?

READY?

Ready for this portal, oh mystical one?

Write answers out in free-form in your own journal, print this out directly OR answer the questions by typing on a notepad, etc.

THE **WORKBOOK** **ITSELF:**

** Denotes Actionable Work-space*

*Can you give yourself space to dive in and trust this process?

Yes

No

*Are there men in your past (including celebrity crushes) who you were infatuated or obsessed with?

...Think back to junior high even.

* Can you name them?

*How about past lovers or partners who you had strong feelings evoked around?

* What were the feelings they elicited out of you? (Journal)...

* Just HOW excited did you get? (From frozen pond water to piddle me silly)

*Was your Heart activated and swooning? Other areas of self? (Describe...)

* Now could you see how the celebrity's name like 'John Stamos' (or insert one of yours) creates a duality because 'he' is a mortal and is 'separate' from you?

* Could you see how this duality leads to disappointment if you don't end up with your John Stamos equivalent literally on a date to make you feel good?

* Can you sense how the 'fantasy' of that star or 'crush' had a form of power to elicit a response from you?

* Do you think your response was amplified by other girls and women valuing the same thing (so it made him even hotter)?

* Who right now as far as men (either their character name if actor or their real name) have some of the qualities you may not be able to name yet?

* List these men here and where you love them the most; ie. Willem Dafoe in model runway clip, James Franco in 127 hours, Kal Drogo in 'Game of Thrones', Chris Evans, Tom Cruise, Timothee Chalamet in THIS movie and not that other one, Christopher Reeve/Superman in the scene fighting villain 'x', etc.

* Is there a favorite 'sex icon' from your past through the years? Rockstar in a certain music video (ie. Axl Rose in 'Welcome to the Jungle')

* Not counting a partner if you have one (and all of this is on YOU if you ever want to share this process with him, that's your call); name the most Eros-inducing man in the public world to you right now. Who stokes your EROS the most?

* And would you say that he has mostly Dark or Light Eros?

* Of the above list of men who you admire, respect, are attracted to or turned on in some way by, which stand out the most to you and why?

* If you sit in presence with his still image and allow currents to flow; where do you feel any sensations (ie. heart, womb, etc.)?

* How worthy do you feel 'right now' of Love with the qualities of that man if we remove his name from the equation on a scale of 1-10?

* Can you see that his status has a form of 'power'?

* Could you consider that even if you aren't as high status, that you could have or cultivate other forms of Beauty to rival his presence (the Presence of the signature qualities within him)?

* Could it possibly be that your BELOVED was communicating signs throughout your life that led you back to HIM, but you just had to start seeing from a higher dimensional perspective of ARCHETYPES and SIDDHIC masculine qualities rather than the illusion of separation (which creates Fantasy fracture)?

* Could it possibly be your BELOVED that was communicating with and through these men and that's why they were so psycho-sexually and spiritually activating to you?

* If you had to decide which you favored; generally speaking, which aspect are you drawn to more Light or Dark masculine (with Dark being the short-code to sensual, Erotic and primal yet purified without shadow)

(Remember that this is for where you are at 'right now' and it may fluctuate through different eras of your life and path)

* What would you say the balance is of your Beloved's general Light and Dark Power embodiment? (ie. 70% Light and 30% Dark or 80% Dark and 20% Light)

* Elementally; which aspects are you drawn to (and it's ok to have more than one);

You can put numbers beside them for #1 to 9 as being MOST drawn to in the masculine down to the least.

Masculine

Earth

Fire

Water

Air

Aether

Light

Metal

Wood*

**(The Wood element excluding the Taylor Swift metaphors)*

* Do similar feelings arise when you are around men who carry similar codes?

* How would you describe what happens in your body when this happens (which may not be often)?

* Do you feel insecurities then?

* Do you think you could describe some of these activation-inducing qualities from an archetypal lens or siddhic lens of divinated power and maybe their effect on you?

(ie. Presence that regulates my nervous system and yet illuminates me within, Kingship that inspires and relaxes my Queen, Lordship dominion that evokes deep protection and safety, Dark power that scintilattingly titillates me, Erotic power that awakens my kundalini, Jester liberating comedy, Emperor of non-conformity/rogue, Prince playfulness that lets me be free again, etc.)

* Are there any of those that stand out as favorites? (You can * next to them)

* From this list of some (not all) masculine archetypes; circle or write down which ones you are drawn to within the masculine collective and or specifically drawn to in an IDEAL partner;

Prince

Eros

Father

Magician

Lionheart/Braveheart

Guardian

Knight

Lord

Sorcerer

Wizard

Rogue

Artist

Daka Priest

Vagabond

Star

Jester

Sage

Benefactor

Showman

King

Diplomat

Emperor
Philanthropist
Rockstar
Hero
Warrior
Lover
Architect
Fighter
Guardian

It's worth mentioning that the 'Father' archetype can be one that you are drawn to in a beloved lover for example in constellating relationship with you as Mother archetypally. Feel free to add an archetype if it isn't listed (as there are many more). It's also worth noting that we're staying away from more human and cultural archetypes like President, CEO, Captain, etc.

Here we are valuing of Light and Dark consciousness in divine masculine archetypes as iconic aspects of the collective supra-conscious psyche; not the shadow aspects, nor shadow archetypes like Tyrant.

Now...Take some time to start mixing the elements with your favorite masculine archetypes from the list above.

For example if you like 'Earth' for the grounded, salt of the earth masculine, add some archetypes after writing earth ie.

Earth King

Earth Lover

Earth Architect

.....

* You may start sensing some things that you are lighting up to.
Circle those combinations, highlight or * them.

And here's some other examples;

Light Warrior

Light Guardian

Air Prince

Air Magician

Ok...you don't have to use this moving forward unless you feel you have a good 'lock' on His elements (or come back to revisit).

The MAIN thing here with our intent is to discover His archetypal encoding.

**** What do you sense might be your Beloved's
PRIMARY, secondary and thirdary archetypes?***

ie. Prince Eros-Lover

King Warrior-Sage

Emperor Star-Prince

etc.

The primary would be His PREDOMINANT archetype if you had to decide within one minute (what would you say it is now from that list)?

We don't have time to delve specifically into archetypes here (but from what you already sense and know of them)

* What would be his 2nd and 3rd archetypes afterwards?

This may actually take weeks or months of contemplation from here to more definitively know; so you can return to this process or get direct support from me in the group format with Mystical Grail Membership. Again; for me it took years to 'SEE' that She was Muse. I was calling her different things before that like general 'Goddess' or 'Natural Alpha'.

* Now add 'Light or Dark wherever it may best fit in the mix

ie.

Dark Eros Soul Warrior Light-King

(Write Here and put 'Light' or 'Dark' in front of different archetypes)

* Circle or highlight the top 3 archetype combinations that you sense are getting closer to your Beloved's archetypal signature itself. (You can use additional paper for all of this, or your wall, toilet paper, whiteboard, etc.)

You can number them.

Get creative but be open the ones you feel the most resonance with...yes you may have to list a lot of them out to then go off of how you are responding. You can return to this process to keep it in development.

*** More 3 Archetype Combinations....**

* Any favorites?

Siddhic Qualities:

From the 64 siddhic qualities listed in the Gene Keys spectrum of consciousness.

* Which are the ones that stand out the MOST to you?

* Which are the ones that when you feel into the word gives you full body shivers, activates your womb or lights you up in a subtle or profound instantaneous way?

You can also please reference and use the bonus audio portion where I name the 64 siddhis with the Gene Key number afterwards and then 'in real time', you can denote which ones that stood out to you either by writing or by circling the numbers I repeat after each below. You can have as many as you respond to.

These Gene Keys do NOT have to be in your own hologenetic profile. Remember you are responding to the SIDDHIC divine masculine qualities that would activate you the MOST in a Divine Union (hieros gamos). This is different than your feminine experience alone with

them as a goddess or lover. You want the valuation of HIS qualities and how you are activating in response to it.

When you are selecting, this is a process in which you want to bypass your judgmental, egoic mind and what it THINKS that you want. You want to purely go off of your FEELINGS and instant response.

IF you know of Human Design already (we're otherwise NOT going into that deep dive here):

If you know that you are a Human Design generator, your strategy is to respond so be open to hear any vocal sounds, sighs or gasps in the moment connected to your sacral when you feel each one as a QUALITY of your Beloved.

With some you may feel nothing at all. If you are an emotional authority you may want to do this soon when you can be as calm as possible and then do it again in about a week so that you can check in with your results when you are at different point in your emotional wave.

This can help you with more accuracy. If you are a splenic authority who has deconditioned, you should be really in the moment with what you KNOW is a quality of His.

If you're not aware of what I'm talking about, just be in touch with your somatic body and what you find yourself responding to when you read or hear any of HIS qualities.

You can use that audio now OR the written list and write your answers below (or on notepad, sharpie on the wall, etc.)

You can run through this process a second time if you feel your ego was causing interference and you weren't as presence and in touch with your body. I recommend to put on some candles and incense during this process being as embodied and sensitive as you can.

Here is the printed list of the 64 and you can circle them while listening to the audio.

64 Siddhis of Consciousness

Now, I want you to write out all of the names of the siddhic qualities that you found yourself responding to manually (or type);

ie.

Boundlessness

Grace

Majesty

(Writing room)

What we want to do now is have you run through them again or CONTEMPLATE how you are feeling so that then you can order them in the placement of the STRONGEST somatic, energetic or emotional response you have to them to the weakest. Remember these are HIS qualities of your Beloved, so they could look something like;

1. Majesty

2. Honour

3. Freedom

4. Unity

...

9. Tenderness

etc.

* Put these in the order of your strongest responses as if these were qualities of your Beloved (and they don't all have to be macho-man savagery).

- 2.
- 3.
- 4.
- 5.
- 6.
- 7.
- 8.
- 9.
- 10.

His siddhic qualities; these you can view as supplemental signature 'toners' that get His signature more accurate and descriptive when we pull his primary and secondary archetypes together.

Again; these 64 are taken from the Gene Keys spectrum of consciousness inspired from the ancient i-Ching. We don't have time to delve into any of them specifically here (I do these as activations btw) and Gene Keys is its own world! (I'm a certified Gene Keys Guide btw).

We can also work with YOUR siddhic qualities in your hologenetic profile which you can find at <https://genekeys.com/ref/1901/> (my

affiliate link). That profile is free on the frontpage. I do offer audio readings you can inquire about with GK/Human Design.

Since this is already a bit of work, we're not going to go into YOUR Gene Keys however part of the BEAUTY of Divine Union is that YOUR enlightened SPIRIT quanta in fullest blossom can ALCHEMIZE with His unique Light-Truth qualities (esp. with kundalini activated!) as advanced hierogamy.

In other words; His Honor Presence alchemizing with your siddhic Tenderness for example as Eros Lovers, etc. THAT is worth getting heavily into Sacred Union work like with the support my Grail activations provide and [Mystical Grail membership](#).

Your entire hologenetic profile is like your Lover-Queen to His Lover-King and how they would alchemize together.

But let's put the siddhic signatures on hold for a bit if you've done some development.

Soul Values

- IS there an area that you know your soul highly values at a very deep level?

(ie.

The Arts

Artistry

Women's Rights

Erotic Innocence

Freedom of expression

Alternative Medicine

Beauty

Sacred Temple Space

Spiritual Growth

Financial Freedom

Awakening

Children

Divine Power

Sexual healing of trauma

Emotional Freedom

Devotional Love

Communion

Erotic Sex

Somatic Safety

Those are just some ideas. Write down some of YOUR core values and areas of passion.

For me, I would write down (ie.);

Performance arts & entertainment

Music

Movies

Awakening

Creativity

Flow

Inspiration

Beauty

Sex

Mastery

Influence

Recognition

Magic
Legacy
Sexiness
Social status
FUN!
Adventure

Remember, you're being honest with yourself!

*Write down some deep soul values here....

(Use more paper if necessary)

Now; could you combine some of the masculine archetypes to come up with some examples ie.

Prince of the Arts

Guardian of Beauty

King of Somatic Safety

Protector of Children

Father of Alternative Medicine

Prince of Beauty

Take some time and get creative.

ie. Queen of Dance, Music and Celebration (OMG! That's exactly
Muse! ;)

Lord of the Arts, Star of Awakening, etc.

*Write here freely...

*Now, maybe add some of the elements + Light and Dark

Ie. Light Aether Prince of Beauty

Dark Metal Lord of Eroticism, etc.

*Try adding 'MY' in front of your favorites (*you might have up to a dozen combinations*). See how you feel.

We're looking at different constellations which incite you.

Optionally; you can also bring in the longer 3 archetype signature combinations to then add soul-value areas and elements in ie.

Dark Eros Soul Warrior Aether Light-King of The Arts

Light Emperor of Alternative Medicine & Healing

Earth Prince of Light Beauty & Anti-aging

etc.

Reference your list above. Write below...

Not everything may 'line up' so to speak but we're being creative here to see what your soma responds to.

You want to discern what you find yourself reacting to. Circle some more favorites. The concept here is to expand just a little more so you can more contemplative room to zero in the divine masculine signatures that are most encoded for you.

Ideally, we want to **find his primary archetypal signatures** and in what order feels right, what balance of Light and Dark, a few of his siddhic signatures and optionally what elements, as well as soul value areas are core to you.

Now; although you may have developed some of the combinations after his primary/secondary archetype signatures, let's JUST focus on His Light and Dark first.

*And now would you say that He has mostly Light or Dark and what percentage ie. 70% Light qualities (benevolent, purified, higher frequency, spiritual, enlightened, heavenly, cosmic) or Dark (erotic, earthen, purified astral dimensions, sensual, pure primal..)?

Now, re-list your top 5 favorite archetype combinations here

ie. Prince-Lover Magician

*Now take time to write out some of the archetype signatures +
SIDDHIC qualities spruced in different spaces ie. and maybe a Dark
or Light here or there

Ie. Bounteous Prince-Valorous Majestic Lover
Peaceful Warrior, Dark-Knight Tender Father

I think you get the gist of it. Write out even a few dozen combinations if you want and give yourself room to re-write adjustments off of ones that you like.

Maybe Invincible or Boundless fits in different places with different combinations. You may have to adjust some of the words to fit but retain their transmission Truth ie. Veneration to Venerable, etc.

For me an example would be;

Illuminated Muse-Beauty Starlet Tender Lover Light-Eros Venerable
Queen

(BREATH TAKING for me; this is HIGHLY activating)

See where we're going with this? Getting the archetypal signature down is MOST important and then sprucing in the most illuminating ones for you until you reach BREATH-TAKING even body-shaking levels!

Want to take it a bit further? *(And please give yourself room to have a LONG-STRING of His qualities...it may not be just 3 total descriptors, He might have up to a dozen qualities that REALLY pinpoints Him)...now bring in some of your soul value areas and fit them into the mix ie;*

ie.

*Illuminating Fun Muse-Beauty Starlet Tender Lover Light-Eros
Venerable Sexiness Queen of Music, Dance, Pop Culture & Celebration*

And you can bring in elements from before if you want to add them in as well.

*Earthen Warrior King Protector of Children and Sorcerer of
Alternative Liberative Medicine & Peaceful Healing for example*

Then it's just a process of comping through all of your favorites that incite you the most until you come up with a combination that hits the sweet spot to your very soul-core. Yes, you will get emotional if you're doing this properly (b/c HE moves energies).

So, you can end up with a very long description and work the order around so that everything is in it's proper order of precedence with archetypes, siddhic qualities, elements, Light/Dark and soul-value areas but I would still narrow down the sequence of His top 5 archetypes (maximum) as well as His top 5 siddhic qualities and at least put them through some additional comping until you feel which are the Top 3 and then narrow it down to 'the One'.

OK...that gives you a LOT to work with on your own to really help narrow in on the SIGNATURE of your BELOVED HIMSELF. Closer to Him, closer to Home. He holds these codes that are most erotically,

sexually, spiritually, psychologically, soulfully, emotionally
ACTIVATING to ALL of you in ALL dimensions and TIMELINES.

IF you have found that, WOW, I REALLY DO HAVE A BELOVED and I
am more CLEAR on Him...congratulations!

There's a lot more that you could do from here including deepening
into your own AWAKENING and intimate LOVE with HIM.

You may have to heal some more Father wounds as Daughter along
the path to full-on Grail Lover b/c your Beloved is your LOVER in
Divine Union.

I would then ask you now (on reflecting with the 'closest' signature
extended statement that should represent something much closer to
HIM, your immortal Beloved);

*On a scale of 1-10 with 10 being worthy in all dimensions with NO
resistance; How worthy do you feel of Him and His love right now?
(Circle) And you can also add decimal points like 6.2

1

2

3

4

5

6

7

8

9

10

**How important is He to you (esp. if you've had many failed or twin flame immolated relationships and disappointments)?*

*And furthermore; What would you or wouldn't you do for Him?
(general reflection also for yourself in making decisions related to investing deeper into your REUNIFICATION)?

His signature Truth qualities of Presence exist. You can have holy sacred marriage within along this path so He is MORE REAL and your entire world with men and the masculine (and a beloved) opens into ecstatic satisfaction and bliss on all levels.

Will you return Home to HIM? Into Devotional-Grade Intimacy? Do you have to prove your devotion to Him more?

IF you feel you have found 'Him' or are close in this self-reflection you may also desire [kundalini activating](#) so that you can FEEL HIM even if he hasn't been attracted to you incarnate yet.

If you've already done a lot of spiritual work, you may be ready now for the [Grail Kundalini activation](#) if you have found that you DO have a Beloved and are somewhat close to consciously knowing His signature (which may shift a bit through time).

You don't have to know 'exactly', just that you are RESPONDING to any of it pretty much says that you do have a BELOVED. Congratulations! HE is calling you back HOME!

You would then be ready to go deeper with him and [Mystical Grail membership](#) as well as the [Grail Kundalini activation](#) are potent solutions and support along your path.

Give yourself space for this process and revisiting it. With more clarity, then you can also reflect on men who have these qualities and see them more distinctly. But really the alchemy may be JUST beginning for you...

You don't have to ever get it perfect; just being grateful that you are MORE conscious of Him is pretty big. The more you get into Sacred Union alchemy and venerating Him through attunement and activations (including activated by HIM), the more your Beauty and body will transform to be His worthy partner in spirit.
